Accreditation

The Accreditation Body of **Deutscher Kalibrierdienst (DKD)** hereby accredits

KEM Küppers

Elektromechanik GmbH

Liebigstr. 2

85757 Karlsfeld b. München

according to DIN EN ISO/IEC 17025: 2005 for calibrations in the field / fields:

fluid quantities

Part of the certificate is: Annex 02 (1 page), 2007-05-25

DAR registration number: DKD-K-04701
DKD accredited since: 1994-06-10

Braunschweig, 2007-05-25

Dr.-Ing. Wolfgang Bosch
Head of DKD Accreditation Body

The accreditation is granted on the basis of an assessment and the contract concluded with the Accreditation Body of Deutscher Kalibrierdienst concerning the accreditation of a calibration laboratory according to rules and procedures of Deutscher Kalibrierdienst pursuant to the Standards DIN EN ISO/IEC 17025: 2005 and DIN EN ISO/IEC 17011.

The calibration laboratory is authorized to issue DKD calibration certificates and to use the DKD logo.

Details of the scope of accreditation (measuring instruments, measurands, ranges of measurement, uncertainties of measurement) are specified in the annex. The documents submitted form an integral part of the accreditation. Modifications must be made in writing.

The accreditation is granted with the reservation that it can be withdrawn at any time if the defined conditions are no longer met. The validity and the current scope of accreditation are documented on the web pages of Deutscher Kalibrierdienst (<http://www.dkd.eu>).

Accreditation certificates and annexes to them may be distributed only without modifications. Extracts may be published only with the permission of the Accreditation Body of Deutscher Kalibrierdienst.

The impression that products and services of the holder, that are not covered by the accreditation, are also subject to the calibration laboratory's control has to be avoided. Should this impression nevertheless be given, the Accreditation Body of Deutscher Kalibrierdienst shall be authorized to demand modifications.

If reference is made to the accreditation as a calibration laboratory, the fields covered by the accreditation must be explicitly specified. In case of doubt, the Accreditation Body of Deutscher Kalibrierdienst should be contacted before such reference is made.
